

Stratford Powertool Centre

Price: \$150,000 +SAV +GST if any

Located in one of Taranaki's main central feeder towns, this superbly presented retail business supports the primary & secondary sector, with a strong client base in the building industry. This fantastic business opportunity is now on the market and available.

Run by the owner operators, this business has grown exponentially over the past 3 years, turnover has tripled, and profit has followed suit.

A new site has been acquired to allow for the increase in the stock, making this a must stop option for the many and varied tradespeople that utilise these products.

The owners have heavily invested back into the business, especially the stock levels, to a point where the range and presentation would be the envy of many stores in larger centres.

This business has the backing of a very supportive national Franchisor, with nearly 20 stores positioned around the country, providing great benefits to the owners by way of marketing and stock rebates.

This is a wonderful opportunity for an energetic new owner to take this business to the next level, benefiting from the hard work already done by the current owners.

The site is positioned perfectly for customers, and with the recent refurbishment now complete, the scene is set for this business to really flourish.

Several areas have been targeted for future growth of this operation, The major one being the introduction of a powertool repair division to pick up the high demand for this area as the province has a large gap in this arena.

All it needs now is the energy and input from a new set of eyes.

For a full IM and CA plus a confidential discussion, call today.

Price \$150,000 plus SAV.
