Situated on Turuturu Road this superb development opportunity awaits your interest. Excellent layout and endless possibilities, the potential for this site for a visionary developer is immense. Adjacent to the railway, only minutes from the Hawera CBD and Highway 3 to the north.

Survey work has been carried out and a potential section plan has been completed but it still has flexibility.

There is an option for 2 parcels. A further 1.5 acres is being purchased to facilitate the installation of a storm water drainage pond.

An area this size, that is close to all amenities, has huge potential for investors!
