Supreme Executive Coastal Residence

137 Turangi Road, Onaero, New Plymouth District

Price: **SOLD**

This stunning executive coastal residence was architecturally designed and built to maximise the site location and unparalleled seascape. The long slender layout of the home across dual sections ensures that the views are enjoyed from the living area and each of the three bedrooms. The sculptural design has a central stone wall with the roof sloping upward and away from it to four stone pillars at each corner of the house. A blue tiled infinity edge pool lies in-ground between the house and the ocean, making the blue sea seem even closer. The stonemasonry both on the interior and exterior of the house are gorgeous features and complement the polished concrete floors throughout the home.

Marble tiles line the en suite bathroom walls and a free standing bath set just inside the floor to ceiling expanse of glass, allow the view to be taken in whilst bathing. The large open plan living, dining and kitchen space has sliding glass doors to a concreted outdoor entertaining and BBQ area. The kitchen features Tasmanian blackwood cabinetry and contrasting white corian benchtops. An ambient open fire is set into the riverstone wall of the lounge area and there is also underfloor heating throughout the home. This truly magical coastal property is second to none and must be viewed to be fully appreciated. Viewing strictly by appointment. Registered Valuation \$2,000,000. Photo Credit: Trends
